

## Mechanical/Structural Draftsperson

---

MOUNT ISA  
TBA upon Interview

---

An opportunity to commence a rewarding career with Xstrata Mount Isa Mines exists for a qualified Mechanical / Structural Draftsperson. Reporting to the Engineering Superintendent in the Zinc Lead Maintenance & Support Department, the successful applicant will be part of a diverse engineering department made up of approximately 20 engineers of various disciplines. Your Key responsibilities will include: Providing drafting support to the engineering team that provide technical support and project management skills for the execution of projects ranging from \$10 to \$20M for the Zinc operations; Designing and executing timely solutions to plant issues in both fixed and mobile plant. The ideal applicant should possess: Preferably a Mechanical/Structural drafting qualification; Experience in AutoCAD and Solidworks drafting packages; A proven track record of delivering required results on time and within budget; A demonstrated high level of communication and interpersonal skills; The skills to make informed decisions and accept accountability for them; A strong commitment to Safety and a demonstrated Safety awareness; Relevant industry experience with demonstrated project management skills. Experience in the mining industry is desirable, however relevant experience in heavy industry will be considered. Electrical drafting exposure would be an added advantage. Relocation is not supplied and this role is not Fly in Fly Out. To apply for this position, please forward your current resume to Chrissy Bond, Job Placement Officer, via email [esadmin@isaskills.org](mailto:esadmin@isaskills.org).
