

Instrument Electrician

MOUNT ISA
TBA upon Interview

An opportunity to commence a rewarding career with Xstrata Mount Isa Mines exists for a qualified Instrument Electrician in the Zinc/Lead Electrical maintenance department. Your key responsibilities will include providing technical assistance to maintenance supervisors, being able to fault find and maintaining electrical equipment and carrying out all general electrical duties as directed. You must be a suitable qualified Electrician who has the relevant Queensland Electrical Fitter Mechanics Licence, show a demonstrated commitment to safety practices. You will have the ability to work unsupervised and as part of a team, have excellent communication skills with the ability to effectively liaise with other team members in all departments. Ideally, you will have experience in industrial electrical instrumentation and have had exposure to a CMMS system. Apprentices about to come out of their time are encouraged to apply. Relocation is not supplied and this role is not offered on a Fly in Fly Out roster. To apply for this position, please forward your current resume to Chrissy Bond, Job Placement Officer, via email esadmin@isaskills.org. Preferred licence(s):
